DOMINION DAY SPORTS.

BIG DAY IN RED DEER.

At the call of the mayor the citizens met in the Fire Hall Wednesday evening last to organize for the Dominion Day sports for which Red Deer is always noted. T. A. Gaetz, as chairman of 1908 committee in the chair and L. J. Porter was elected secretary pro tem.

It was moved by mayor Botterill and seconded by H. H. Humber, that the sports be held as usual on July 1. The motion was carried unanimously.

The chairman gave the financial statement of the committee of 1908, showing a balance of about \$40 to \$50 on their surplus of 1907, which he considered a very good showing taking all the circumstances into account, and they would not have gone so far behind, had they been able to collect all the subscriptions.

Mr. Porter was appointed to audit the report for 1908. The meeting expressed their hearty appreciation of the work of last year's committee and a vote of thanks was read and passed.

The following were elected to be this year's committee: Harry Wallace, F. W. Galbraith, R. L. Gaetz, L. J. Porter, R. B. Welliver, H. Moore, Dr. Plaxton, H. Gee, T. A. Gaetz, J. Mann, W. E. Payne, J. A. Carswell.

The meeting after pledging

itself to do all in its power to help along the days sports adjourned.

On Friday evening last the general committee met in Mr. Welliver's office when the following committees were appointed for the year:

ATHLETIC—Payne, Meeres, Gee, L. J. Porter, Mann, Wallace and Plaxton.

BASE BALL—Mann, Wallace and Plaxton.

GROUND—Welliver, Carswell and R. Gee.

TRAP SHOOTING—Plaxton, R. L. Gaetz and J. A. Carswell.

FOOT BALL—Meeres, Gee and Payne.

BAND—Galbraith, Welliver and T. A. Gaetz.

POLICE—Mann and T. A. Gaetz.

PRINTING—Wallace, Galbraith and Mann.

HORSE RACING—R. B. Welliver Plaxton and Payne.

SUBSCRIPTION—T. A. Gaetz, Carswell and Mann.

LACROSSE—Wallace, L. J. Porter and Mann.

SPECIAL ATTRACTION COMMITTEE—Gee, Meeres and T. A. Gaetz.

Among the special attractions on Dominion Day will be a foot-

ball tournament, athletic sports, Red Deer Cadet drill, lacrosse

match, trap shooting, tug of war, baseball open to all, marathon

race, horse races and other sports. A big day's sport is guaranteed

and everybody should be present and enjoy the fun.

CALGARY TO RED DEER.

BIG EXCURSION TO-MORROW.

A special get acquainted excursion by the business men of Calgary will be held to-morrow to Red Deer. The special train is chartered by the Calgary Horticultural Society, the Historical Pageant committee and the Alberta Provincial Exhibition. The object of the excursion is to get acquainted with the people of the North, have a pleasant day's outing and put in a spoke for the Calgary Fair. The train will call

at all the towns along the line, will remain at each half an hour, arrive at Red Deer a little after four and stay until six o'clock. The Board of Trade and citizens are taking steps to give the visitors a welcome. They will see a very pretty town and will go away with the idea that Red Deer surpasses in beauty every town in Alberta. Help the idea along. Give the visitors to-morrow a hearty hand shake and the freedom of the town.

The Town and Firemen will have to play off the tie but the date has not been decided.

Old Timers' Association.

A meeting was held in the office of Messrs. Pidgeon and Miller on Saturday the 12th inst. to discuss the advisability of forming an "old timers' association. After a thorough discussion of the subject it was decided to hold a meeting in the Oddfellows' hall on Saturday the 20th of June, at 2:30 o'clock in the afternoon and all those interested in the movement are urgently requested to be present as organization will then and there be proceeded with.

Football.

The Town and Firemen played again last Friday and it was an easy thing for the Firemen who won by 3-0. The Town had been weakened by Jock Oliver being unable to play and the regular goalkeeper being too busy to turn out. Kent was also unable to play for the Firemen. The defence of the Firemen was the best it has been this year and David had nothing very dangerous to stop. Gee and Stedman played a good defence for the Town but the Firemen were too many for them.

Red Deer went to Ponoka on Monday last and again defeated the team of that town the score being 3-0. The game was called shortly after three and Ponoka had the wind and sun in their favor. The locals played up well and no goals were scored in the first half. After half however Red Deer played hard and Cowell succeeded in scoring. Near the end of the game Red Deer had it their own way and Willis and Robertson each scored one during the last ten minutes. Red Deer had a penalty kick but failed to score on it. The Red Deer team were: Carswell, Carswell, Greaves, Caste, Krause, Bawlf, Main, Howson, Cowell, Robertson and Willis. Red Deer is now winner of this division and will have to play off with the winners of the southern division for the Snell Shield. Crossfield looks like the winner of the southern division.

On Thursday night last Red Deer Juniors went out to Clearview and defeated the team of that place 2-0. On Saturday Horn Hill Juniors came into town and were defeated by the Red Deer boys 4-0.

Council Meeting.

The regular meeting of the
Council Thursday evening was
presided over by His Worship
Mayor Botterill with Councillors
T. A. Gaetz, McKee, Tallman,
Hill, and Pidgeon in attendance.

CORRESPONDENCE.
The Alberta Pacific Elevator
company were anxious that the
town give them every aid for
getting into their elevator. Deal
with in Commissioners' report.

The Department of Railways
and Canals wrote notifying
Council of application of C. F. R.
for route map from Langdon to
Red Deer.

The city of Winnipeg made the
town a present of the by-laws of
that city for the last number of
years.

The gift will be suitably
acknowledged, the clerk stating
there was a valuable addition to our
literature.

The town solicitors wrote re
Public and separate school taxes.
All ratepayers in Red Deer before
erection of separate school district
are liable for debt of the school.
Now protestants are liable for
public school and Roman Catholics
for separate school debts
only, if they had no
property before the erection of
separate school.

The Provincial Firemen's
Association wrote regarding a
donation towards municipal
trophy at Provincial Firemen's
sports in Calgary Aug 5th.

C. K. Wright made an applica-
tion for the erection of an addi-
tion to a building on the east
side of Holt street now used as a
hand laundry.

R. B. Chadwick, superintendent
dependent and delinquent
children, sent the Council a copy
of the act for the protection of
neglected and dependent children.

John Galt, C. E., sent the
Council a blue print working
drawing for septic tank.

The Council was invited to
send a delegate to fourth annual
convention of Western Canada
Firemen's Association which
meets in Edmonton June 29 and
30.

Councillors Tallman and Pidgeon
moved that the application of
C. K. Wright for erection of
addition to build in the fire limits
be not granted and he be advised
accordingly. Carried.

Councillors A. Gaetz and
McKee moved that the Secretary
be instructed to forward to the
Mayor and Council of the city of
Winnipeg the heads of the letter
from the Mayor and Council of Red
Deer for their gift of the consol-
idated by-laws of the city of
Winnipeg. Carried.

COMMISSIONERS' REPORT.
The Commissioners submitted
the following report to the
Council:

We received the Babcock
Tester, and Chief Rothnie, under
the instruction of Mr. Pearson,
collected samples of milk sold by
dealers in town and tested it on
two different occasions with the
following results:

1ST TEST.
J. C. Brazier 7.4 butter fat.
Brown & Wilson 3.5 " "
N. Michener 2.3 " "

2ND TEST.
J. C. Brazier 4.4 " "
Brown & Wilson 4.1 " "
N. Michener 3.4 " "

Our by-law does not set any
standard for milk, but we are
getting information from Ed-
monton about this. All necessary
certificates have been filed in
the office by the dealers.

We had an interview with Mr.
Niblock in regard to trees for the
Town. He suggested that the
Town get some land broken up
this year, and brought into cul-
tivation, and that in the spring
the Town establish a nursery on
a small scale. In a few years with
a little attention this would pro-
duce plenty of trees of good
varieties to set out on streets or
supply to citizens at a small cost.
We will report further on this
matter.

We took up the matter re-
quested by the Alberta Pacific
Elevator Co. in regard to grading
Douglas St. and looked over the
ground with the manager. We
informed him that we did not
think the Town could do the work
they asked for, which would not
be of any benefit to the Town.
They have since done the work
themselves. We recommend that
they be allowed to maintain their
driveway on Douglas street dur-
ing the pleasure of the Council.

The Medical Health Officer re-
ports the Town clear of all
infectious and contagious diseases
during May. This year there has
been only one case, and that one
measles.

On June 3rd we drove around
the streets inspecting their con-
dition, and the cemetery, sewer
outlet, etc. We found the roads
in fair condition, the sidewalks in
need of considerable repairs, and
the work on the sewer progress-
ing slowly on account of the rock
encountered. The intake appears
to be all right, and the pump to
be in good shape. We have in-
structed Foreman Moffin to have
a brace put in on the water main
in the power house as requested
by Engineer Watson. The park

boulevard is about completed,
and the gardener will now fix up
the cemetery.

As the specifications for office
buildings were not definite
enough we extended the time for
receiving tenders. We have had
the specifications rewritten and
submit them herewith for your
approval. We recommend that
tenders be called for up to noon
of 24th inst. This will give plenty
of time for contractors to figure
on the work, and as Council
meets that night the tenders can
be awarded at once, provided the
by-law carries.

We have received the small
pressure gauge for testing water
pressure at hydrants.

Commander of this military district,
was in town this week inspecting
the cadets. We showed him
around town, also the prospective
sites for army and rifle ranges,
and urged the early erection of
the armory. We informed him
that the Council some time ago
had offered a free site for this
when the Government was ready
to build it.

The boulevard on east side of
the park is about completed, and
the gardener will commence work
at the cemetery at once.

We recommend that a grant of
\$10 be made to the Provincial
Firemen's Ass'n as per their re-
quest made a few weeks ago.

We have prepared a License
record book and Police Court
Docket as recommended in the
last auditor's report. We are also
getting an inventory book so that
we will have a record of all
material bought for the different
departments, and will be able to
tell at end of year what supplies
are on hand.

The report was adopted.

BY-LAWS.

By-laws providing for collection
of poll taxes and for collection of
water rates passed their second
readings.

The mayor reported that he
had been interviewed with regard
to a walk west of the Imperial
Bank. The question was left
to the Commissioners with power
to act.

Councillor Pidgeon brought up
the question of a citizen not being
allowed to vote unless his taxes
were paid. He thought the prin-
ciple was wrong and would like
to have the opinion of the
Council on the question.

Councillor Tallman contended
a man should not be deprived of
his vote because the property was
always there as a security for
said taxes. He was not favorable
to the system.

Councillor T. A. Gaetz was al-

ways favorable to doing away
with the system and Councillors
McKee and Hill expressed opinion
along the same line.

It was shown that the taxes
now contained in giving a discount
on taxes paid before a certain
time.

The Mayor favored repealing
the by-law, but he did not wish
to have it understood the Council
had done wrong in introducing
the system, but it had served its
purpose and it might now be re-
pealed.

Councillor Tallman drew at-
tention to the fact that the sewers
where examined had a certain
amount of sediment in them and
he thought they should be flushed
more than they are. It might be
a good idea to connect the sewer
with the creek where a full supply
of water could be supplied at all
times for flushing purposes.

Councillor Hill hoped the com-
missioners would fix up Douglas
street following the sewer as
quickly as possible as it was now
almost impossible.

The Mayor said this work
would be attended to at once.

Councillor Tallman drew at-
tention to the danger arising
from the deep water in the old
creek bed south of town, as a
flood could easily fall and an-
drown. He thought a board
should be placed on the railing
also. There were no less than
sixteen little ones crossing these
bridges daily from Victoria ave.
also.

Councillor Hill remarked that
evidently Victoria avenue did not
believe in race suicide. Council
adjourned at 10 o'clock.

Turkey Claims Crete Island.

Served Notice That Turkish Flag
Will be Hoisted After July 31.

Paris June 8.—Great Britain,
France, Russia and Italy have
decided to keep their engagement
to evacuate the island of Crete
on July 31, and Turkey has served
notice that after this date the is-
land, while preserving its auton-
omous regime, must return to the
Turkish flag, and she is prepared
to go to war on this issue.

Greece, on the contrary, thinks
that "annexation to her should
follow the evacuation by the
powers, but the efforts of the
King of Greece to secure the sup-
port of the powers to this idea
having up to the present time,
been unavailing.

It is understood that Germany
sides with Turkey in the matter.

Curzon Sounds Warning Note.

London June 8.—In a speech
before the Royal Colonial Institute
Lord Curzon, formerly viceroy of
India, said that a vast majority
of the people of that country
were entirely without political
aspirations, but a section was
growing up with illegitimate and im-
practicable desires, cherished by
sedition and disloyalty. He
sometimes thought he could de-
tect a great rush in India, similar
to that of Europe, to which Lord
Rosebery had referred in his
speech before the Imperial press
congress. Lord Curzon added
that he was no alarmist and he
hoped the development of what he
spoke might not occur, if they
occur at all, until the distant
future, but he thought they were
nearer than some people im-
agined.

Dakota Men Sail From Grand Forks to Winnipeg to Give Object Lesson.

Winnipeg, June 7.—A large
number of business men from
Grand Forks and other North
Dakota towns, arrived here this
morning by the steamer and were
welcomed by many river craft
and thousands of citizens.

It was the first trip made by
steamer between Grand Forks
and Winnipeg in 28 years.

The object of the trip is to im-
press the United States congress
with the feasibility of Red River
as an avenue of commerce, and
get an appropriation for its im-
provement. With the St. Andrews
looks about completed, naviga-
tion will be possible for
steamers to go right through to

HAY-MAKERS

THEY WORK WELL
TOGETHER

An ideal combination for getting in your crop of grass.
Our No. 8 Mower with its strong, substantial build, its ac-
curate, clean-cutting power and ease of operation, is a real out-
rigger and will mow for thousands of farmers at every
season. Preliminary advice free. Charge moderate. Our Engineer's Advice sent upon re-
quest. Marion & Marion, Inc., New York City, U.S.A.

But there's the other tool—can't get along without that—the Tiger
Rake.
It's all steel, except tooth-rail and shafts, which makes it proof against
hard work, mud and exposure. A Tiger Rake is exceptionally durable,
and is curved so as to pick up grass easily and evenly. It's an easy
to handle for horse and driver, and can be dumped for foot or hand. The tail
of the tooth after dumping is eased by a strong spring that prevents much
of the disengagement of the teeth in ploughing. And, without these hay-makers
we can't get our hay in. "Foster's Ready Reckoner." Both books are
free, and answer your questions. And our local agent to
show you our farm implements. He'll gladly do it.

BY-LAW NO. 208.

A BY-LAW to provide for raising the sum of Three Thousand Dollars (\$3,000) to be expended in building an extension to the Fire Hall to be used for office and Police Station.

WHEREAS it is deemed expedient by the Council of the Town of Red Deer to provide for office and Police Station by building an extension to the Fire Hall, and to incur a debt of Three Thousand Dollars (\$3,000) for such purpose.

AND WHEREAS the sum of Three Thousand Dollars (\$3,000) is required for such purpose.

AND WHEREAS it is expedient that the said debt should be repaid by the Council of the Town of Red Deer.

NOW THEREFORE the Municipal Council of the Town of Red Deer enacts as follows:

1. That the Mayor and Secretary-Treasurer of the Town of Red Deer be and they are hereby authorized and empowered to borrow on behalf of the municipality a sum or sums of money not exceeding in the aggregate the sum of Three Thousand Dollars (\$3,000).

2. That the said sum shall be expended in building an extension to the Fire Hall to be used for office and a Police Station, and for the purpose of raising the said sum one or more debentures of the sum of less than one Hundred Dollars (\$100) each, of the said Town, not exceeding in the aggregate the sum of Three Thousand Dollars (\$3,000) as aforesaid shall be issued, each of which debentures shall be dated on the day when the by-law takes effect, and shall be payable within Twenty (20) years from the date of the date thereof in twenty equal, consecutive annual instalments of principal and interest at the Mercantile Bank of Canada in Red Deer, Alberta.

3. That each of the said debentures shall be signed by the Mayor and Secretary-Treasurer of the Town of Red Deer and sealed with the seal of the Corporation of the Town of Red Deer.

4. The said debentures shall bear interest at the rate of five per cent per annum and shall have attached thereto coupons for payment of the instalments of principal and interest, which coupons shall be signed by the Mayor and Secretary-Treasurer of the Town of Red Deer.

5. During the currency of the said debt there shall be raised annually by special rate on all the taxable property of the Town of Red Deer the sum of \$200.00 for paying the amount of the instalments of principal and interest due in each of the said years in respect of the said debt.

6. The votes of the duly qualified electors of the Town of Red Deer shall be taken on the 25th day of June, A. D. 1909, in the Council Chamber of the Fire Hall on Ross Avenue in the said Town of Red Deer, commencing at the hour of nine o'clock in the forenoon and continuing to the hour of five o'clock in the afternoon of the said day, and the Returning Officer and Deputy Returning Officer for taking the said votes shall be Albert Thornton Stephenson and Alfred George Ayres respectively.

7. The said Returning Officer shall sum up the number of votes for and against this By-law on the 25th day of June, A. D. 1909, at the hour of ten o'clock in the forenoon in the said Council Chamber.

8. This By-law shall be finally considered by the Council and if the same shall have been assented to by the Council, then the same shall be published in the "News" of the 28th day of June, A. D. 1909, at the hour of eight o'clock in the evening.

9. At the first and second time in open Council this 27th day of May, A. D. 1909.

Mayor.

Secretary-Treasurer.

NOTICE IS HEREBY GIVEN, that the foregoing is a true copy of the proposed By-law, which will be taken into consideration by the Municipal Council of the Town of Red Deer, after being voted upon by the electors, that the date of the first publication of the said proposed By-law is the 28th day of June, A. D. 1909, in the "News" of the 28th day of June, A. D. 1909, at the hour of eight o'clock in the evening.

10. At the first and second time in open Council this 27th day of May, A. D. 1909.

Dated at Red Deer, in the Province of Alberta, this 28th day of May, A. D. 1909.

No Workman Has a Chance.

A cardinal error has been committed by the Government at Ottawa says the Toronto Mail in selecting Mackenzie King, a former official, for the position of Minister of Labor, instead of choosing for the place a man who understands the labor question as a result of both study and experience. The blunder becomes all the more noticeable in view of the arguments that have been presented in Mr. King's behalf. It has been said by the organs inspired by this young gentleman that a man from the ranks is unfit to occupy the elevated position to which Mr. King has climbed. The workman is thus ruled out as intellectually and socially incompetent.

The attitude is unjust to those who are compelled to toil for a living. There are many workmen who are quite as well informed as Mr. King on the intricacies of the labor problem. Their ability to judge of the wisdom of the latest measures taken by other countries with a view to improving the labor situation is not below that of the Minister. Deputy Minister. It may be true that socially they do not come up to the Mackenzie King standard. They have not studied law or pink ties. But this should not exclude them from the service of the State. Another argument offered in favor of Mackenzie King, and in opposition to a real labor man, is based upon the assumption that a person who has risen from the ranks cannot be trusted to deal justly should a conflict between labor and capital arise. This implies that the man who has come from the factory or from the bench is naturally crooked. Against such an imputation a vigorous protest ought to be entered. Carried to its logical conclusion, it means that under no circumstances shall the citizen who labors by his hands occupy a responsible position, under the Crown. The spirit which is led to the King appointment is in all points of view unworthy of the present age. It is a survival from the old period when it was held that nobody but an aristocrat had the right to participate in the direction of public affairs.

Now can it be expected that the presence that Mackenzie King, has any special or superior knowledge of the labor question. The young gentleman has, of course, read the literature of labor, and he has administered the labor law, as borrowed by Sir William Mulock from the English statute. But apart from that he has no association with the workers, and has no knowledge of nothing, but exclusiveness.

The right place for Mackenzie King was in the office of Deputy Minister, where he could perform his duties as a representative of his superior. In his present position, instead of being a concession to labor, is a direct interference with the welfare of the working element in the community. For it deprives a working man of the opportunity to represent labor in the Cabinet, and to work for the improvement of the conditions of the masses. It will not be surprising if labor speaks out pretty strongly on this Mackenzie King affair. Certainly it has the right to object to the selection as its representative and mouthpiece in the Cabinet of a civil servant who has no knowledge of labor has been gathered from books and official reports, rather than from personal experience.

One Hundred Massacred.

Berlin, June 9.—The Tageblatt's Aleppo correspondent says that the Turkish authorities last week executed twelve of the ring leaders including six Armenians, concerned in the Adana massacre. The energetic course of the government, the correspondent adds, caused the populace in the region between Alexandretta and the mountains to start a new massacre, in which about one hundred persons were slain.

The Young Turk committee did everything possible to prevent the disorders, but they need reinforcements which have not yet arrived.

LULLABY.

Darling hush! your tears are welling from your sad eyes, but you'll do no good by yelling; hush, my baby, dear, be wise! I would give the soothing syrup that you want, to quell this storm, but I fear that it would stir up trouble in your darling form. Once I prized that syrup highly thinking it was just the stuff, but I wrote to Dr. Wiley, and he says it's bad enough. Once I prized that syrup highly, but he found, O baby fair, after he had analyzed it, that an ounce would kill a bear. It's supposed to cure the colic, and to check the infant spasm, but it's strongly recommended, and contains some Paris green, it has killed a frightful number, and will kill a legion more; sleep, my darling, sleep and slumber, while your angel walks the floor!—WALT MASON.

Dominion Department of Agriculture. Cow Testing Associations.

Cow Progress.

The records of the cow testing associations show a large increase in the number of cows whose production both as regards weight of milk and butterfat is being noted regularly. It is no wonder that the progress of the progressive dairymen of Canada, because record work must mean substantial improvement, and the improved herd is the herd that produces economically.

Since commencing records many farmers have been enabled to increase the yield of milk and fat per cow considerably, because instead of contentedly saying "so many cows so much milk," each individual is studied, and each member of the herd brought up to a good profit earning capacity. Herds that used to produce only 137 lbs. are now up to 230 lbs., milk production has gone up from 4,850 lb. to 6,380 lb. In 1905 one herd averaged 5,374 lb. milk but in 1908 the owners had bought up to 7,340 lb. milk per cow. One member in 1903 keeping 9 cows obtained only 4,360 lbs. from each, but in 1903 with 11 cows he had an average yield of 7,000 lbs. of milk. These few facts indicate that the real dairy farmer who seeks improvement. Time spent in weighing and sampling is well spent, definite knowledge is obtained.

Violent Attack By Divine On Minister of Militia.

Rev. Dr. Pringle Scott Sir Frederick Borden at Presbyterian General Assembly.

Hamilton, Ont., June 11.—Rev. Dr. Pringle, of Sydney, N. S., maintained his reputation as the stormy petrel of the Presbyterian church by delivering another series of exposures before the Assembly here yesterday morning. He returned to the conditions in the Yukon, which do not seem to have improved very much, according to him. He also protested against political corruption, and concluded by saying emphatically, that Sir Frederick Borden's name was a synonym for lust. His trade was given in support of the amendment to the recommendation of the moral and social reformers, which he announced last night that he would introduce this morning. The Assembly accepted the amendment and it will be incorporated with the other recommendations in a resolution on gambling, the social vice and opium joints, all of which were condemned by the board.

The members of the Quebec legislature have reached the conclusion that their service at \$10,000 a session, and have increased their indemnity to that amount. Assuming that the house is in session three months, the indemnity is at the rate of \$8,000 a year, which we venture to think is three times as much as the average legislator earns in his business. Instead of calling it an "indemnity" the pay of a member ought to be called a premium in very many cases.

An interesting question has been decided by the Supreme Court of Canada. In Montreal there is a by-law requiring merchants to close their places of business at certain hours. Objection was taken to it on the ground that the statute authorizing the by-law was an interference with trade and commerce, and therefore beyond the jurisdiction of the local legislature; but the Supreme Court has held that the closing of stores is a matter of local police or fire nature, and hence is not ultra vires of the province. It is said that the question will be taken to the Privy Council.

Charles Morrison died in London last week unmarried and leaving a fortune estimated at from \$50,000,000 to \$75,000,000. Under the new succession duties his estate will contribute from \$10,000,000 to \$15,000,000 to the revenue. The deceased will not miss it, no matter where he has gone. On general principles a man who leaves \$75,000,000 to his heirs is a man who is married, might very well contribute a good deal of it to the state. Succession duties are in point of fact the least onerous of all taxes provided they are graded as not to absorb too large a proportion of small estates.

THE REGISTERED TROTTER STALLION

"ZOMVERT" 2 29½

Was sired by the world renowned "Zombro" 2:11, the greatest show horse and sire of extreme speed ever lived. Besides many other great ones he sired "Halla" 2:04, world record for given mare, "San Francisco" 2:07, world record for three-year-old gelding. "Zomvert's" claim to greatness rests not alone with his sire, as his lat and 2nd dams were both great trotters and his 3rd dam was "Zombro," one of the twelve greatest mares that ever lived. Come to my barn and carefully study his fabulous pedigree, and you will be convinced he is a Prince, and son of a King. The Zambros have sold for thousands, where other good horses have brought only hundreds. Farmers, as well as others, look to your interests, and breed a mare or two to a Zombro while you can. For the present season he will stand for service at my livery and feed barn on Alexander Street, Red Deer, Alta., at prices within the reach of all.

John Bremner expects almost any day now the old family claymore that his grandfathers used to good purpose in the Scottish wars. He is having it sent out to him from Scotland.

Such is the selfishness of humanity that centuries of christianity ambitious people will climb at the expense of their friends. Imagine borrowing a step ladder from a good natured neighbor when one can be got from Smith & Gaetz for \$2.50!

The Red Deer Butter & Cheese Association are just installing a new churn of about 600 lb. capacity to meet the increased output expected this season. The weekly make of butter is rapidly approaching the highest point reached in July last year, now being about 4600 lbs.

Mr. C. C. Castle, warehouse commissioner, Winnipeg, is making a tour of Alberta, under the auspices of the United Farmers of Alberta and the Provincial Department of Agriculture for the purpose of explaining at meetings to be held in many places, to the farmers the provisions of the Manitoba Grain Act and will speak in Red Deer Wednesday afternoon next, 23rd, at 2.30 o'clock in Alexandra Hall. As many changes have been made in the last two years in this Act, for its betterment and at the earnest request of the farmers themselves, it is considered wise that the farmers should have a practical exposition of the Grain Act before another shipping season comes on.

Look Where You Are Going!

To do so is not always practicable because the person addressed may be looking two ways at once, or apparently doing so. (The EYE or STRABISMUS is very disfiguring and uncomfortable, and in addition it results in the loss of at least one of the eyes. In the great majority of cases it is due to a slight degree of hypermetropia, or long sightedness, and the case may be corrected by relieving the refractive error with glasses, if taken in time. If not done in early childhood, however, it is hopeless without a surgical operation. I will be glad to explain this in detail to you if you will call. This space costs money, for the News man says this is not correspondence. I wonder why.)

Miss A. Culham has been suffering from a very severe cold. Mrs. MacMillan was visiting Miss Slack during the early part of the week.

Mr. F. Plank stayed over Sunday with Mr. Shaw, and addressed the children in the evening. Mr. Barner has written that his mother is rapidly sinking. He has the very deep sympathy of the staff and pupils.

Rev. Mr. Moore is another of Isaac Walton's disciples (in spirit at least). He angled patiently at the mouth of the creek on Monday, together with the renowned fishermen Mr. Hoskins and Mr. Sharpe, all of Red Deer, with limited success.

Mr. and Mrs. T. H. Lookhart and their son Leland will leave on July 9th for Toronto. After five years of devoted service as Vice-principal of the school, Mr. Lookhart is taking a holiday with friends in Toronto. As he was at one time President of the Junior League of Toronto, Mr. Lookhart has a large acquaintance, and he and his family will no doubt receive a warm welcome in Toronto.

TRAILL-PETERSON.

The many friends of Ira A. Peterson, brother of Miss Peterson, of our teaching staff, will be pleased to hear of his marriage to Helen recently. Mr. Peterson was in the Merchants Bank here for some years. The Hamilton Spectator says:

The home of Mr. and Mrs. Gordon Traill, 102 Jackson street west, was the scene of a pretty wedding at 4 o'clock this afternoon, when their daughter, Margaret Isabel, was united in marriage to Ira A. Peterson of Buffalo, N. Y. The bride, who was given away by her uncle, David Traill, of Walkerton, entered the parlor to the strains of the

Bridal Chorus from Loehring, played by Nellie E. Mackay, of Walkerton, who at the conclusion of the ceremony played Mendelssohn's Wedding March.

The bride was attired in a beautiful suit of navy blue embroidered broadcloth. She was unattended, and the ceremony was performed by Rev. R. Drummond, of St. Paul's Presbyterian Church, in the presence of the immediate relatives of the contracting parties. A very dainty wedding repast was served, after which the bride and groom left on the six o'clock train for their future home in Buffalo.

U. F. A.

The postponed meeting of the Red Deer Association United Farmers of Alberta was held in the Fire Hall on Saturday afternoon last, June 12th. President James Bower in the chair.

Among those present were: Jas. Gummow, W. Beckley, I. Speirs, Jas. Jarvis, E. Plumb, A. McLean, Jno. Ross, J. Lamont, Mr. Ross of Pleasant Valley, and secretary Carwell.

Circular No. 6 for June was read and discussed, dealing with destruction of gophers, local improvement act, equalization of expenses to principal meeting, and other topics.

After some discussion it was decided to lay the discussion on the circular over-to next meeting.

The question of binder twine came up and was discussed at some length. Tenders were received from T. Eaton Co., Latimer & Bortey and Massey Harris Co. The tender of Massey Harris Co. was accepted for Plymouth twine at 10c. per pound of 550 feet.

Some discussion took place on the question of bulls running at large. The feeling of the meeting was that all bulls running at large should be taken up and the owners prosecuted. On motion of Jas. Speirs and Jas. Gummow the secretary was instructed to write the Provincial Secretary expressing the desire of this association to co-operate with Clover Bar and other locals in their desire to have the government appoint resident weight inspectors in different parts of the country. The question of Red Deer weight scales came up, and the secretary suggested that Chief Meeres be heard on the question, as he knew more about the scales than anybody else, which was carried.

Mr. Meeres said there was no difference in the town scales. They had tested them several times under exactly similar conditions. He had charge of the scales at the fire hall and at the stock yards. He was engaged to be strictly honest. If it could be proved he gave wrong weight he would lose his position. It could not possibly profit him in any case. The town was anxious to have the scales inspected. Sometimes after a heavy rain the scales weighed more and had to be balanced, but the scale should always be balanced anyway.

Moved by John Ross, seconded by Jas. Speirs, that the secretary write the Town Council asking that in no case shall weighing be done on the town scales except under the supervision of a town official, and that it be made the duty of such official to see that scales are always properly balanced before weighing; also to obtain the permission of the Council for a representative of the association to have the privilege of comparing the weights of the different town scales at any time free of charge. Carried.

President Bower reported that the executive had waited upon the government with regard to the pork packing industry. They had been received by the government and the question discussed. He felt that there was no very good excuse for the delay in sending out the agreements, but he hoped to hear something definite soon. He had cause to hope the agreement would not be so strong as it was when last presented to this association. The meeting then adjourned.

Penhold.

The following interesting information regarding the Penhold Rifle Association was furnished us by Secretary J. Farrar:

The first of this year's Dominion Rifle League matches was shot on the West Range on June 6th, and the following scores were made:

	200	500	600	Total
F. Donomey	31	25	20	85
A. Hives	30	30	24	84
A. Hives	27	23	26	76
L. Donomey	18	31	26	73
H. Donomey	28	24	22	74
H. Henderson	25	28	20	68
J. Reeves	21	22	21	64
E. Reeves	22	26	16	64
B. Carwell	19	17	14	50
A. Reeves	27	17	6	50

Practice shoot on June 12th.

J. Farrar	31	28	32	91
E. Brooker	30	28	22	80
A. Hives	27	21	25	73
W. Whiteside	27	25	21	73
J. Reeves	19	21	26	66
E. Reeves	21	25	19	65
W. Kennings	28	20	15	61
H. Henderson	26	9	19	54
H. Henderson	13	17	20	50
E. Hives	19	11	5	25

The other days fixed for League matches are June 19, July 3 and July 17th. It has been decided that the two last League matches and the two days of the annual club shoot will be taken as those deciding the standing of members in the competition for the Dominion Salver.

It begins to look as though Capt. Whiteside, A. Hives, E. Carwell and the other old dubs of this excellent organization were going to be left in the shade by Jack Farrar, who evidently has his eye on Bisle. We'll, however, bet on the Donomey boys, if they practice, yet a while. If the old quill pusher of this great Journal should once more try to shoot, no doubt he would be down in "Q" class with Bill Inglis and Jim Carwell. But he'd tie Cap. Archer or die in the attempt.

MARRIED.
